

Not Yours to Distribute! Intimate images and Consent

Resource List

The Learning Network is grateful to presenters for offering additional resources and relevant organizations to complement this Virtual Forum.

CyberScan

Government enforcement unit within the Province of Nova Scotia's Department of Justice that offers supports to complainants experiencing cyberbullying and non-consensual intimate image distribution.

<https://novascotia.ca/cyberscan/>

Deleting Digital Harm: A Review of Nova Scotia's CyberScan Unit by Dr. Alexa Dodge

This report provides a detailed description and analysis of the successes and shortcomings of the CyberScan unit as it currently operates.

<https://www.vawlearningnetwork.ca/docs/CyberScan-Report.pdf>

Guide on Sexual Image-Based Abuse by YWCA Canada

This guide for survivors of image-based sexual abuse shares information about your rights, where to get support, and how to report if you choose.

<https://ywcacanada.ca/guide-on-sexual-image-based-abuse/>

Online Harassment Reporting Tool by Naomi Sayers

This is an online tool to help create a report of online harassment to attach to a future formal complaint.

<https://online-harassment.indigibot.ca>

Technology Safety by the BC Society of Transition Houses (BCSTH)

BCSTH's technology safety resources and training assist anti-violence workers to learn more about how to support women and young people experiencing technology-facilitated violence including strategic methods to use technology safely and incorporate them into safety plans.

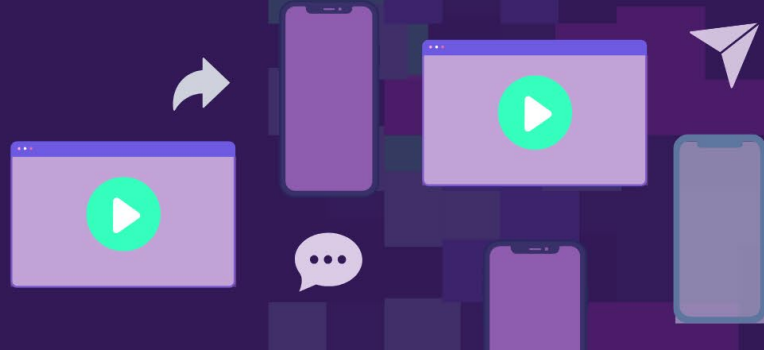

<https://bcsth.ca/project/technology-safety/>

Orbits Guide by Chayn

A guide on how we can design interventions to tech abuse that are intersectional, survivor-centred, and trauma-informed.

<https://c.chayn.co/orbits>

Not Yours to Distribute! Intimate images and Consent

Do It Yourself: Online Safety by Chayn

This guide available in 9 languages will teach you everything you need to know about how you can be tracked – and how to hide your tracks on email, browsers, Facebook, and other platforms.

<https://www.chayn.co/safety>

List of Resources from Dr. Suzie Dunn

This collection of resources is aimed at supporting people who have been targeted by technology-facilitated violence (TFV), who work with individuals who have been impacted by TFV, and those interested in learning about strategies to prevent TFV.

Information on Sexting by Media Smarts

This page features resources on sexting including information on why and how it occurs along with resources for parents and teachers.

<https://mediasmarts.ca/digital-media-literacy/digital-issues/sexting>

Revenge Porn Helpline

Service based in the U.K. supporting adults (19+) who are experiencing intimate image abuse.

<https://revengepornhelpline.org.uk/>

The White Hatter

Digital literacy and internet safety education specialist company in Canada.

<https://thewhitehatter.ca/about/>

ShelterSafe

Online resource for women and their children seeking safety from violence and abuse.

<https://sheltersafe.ca/about/>

Women’s Legal Education & Action Fund (LEAF)

Advocacy organization providing litigation support, law reform, and public education on gender equality.

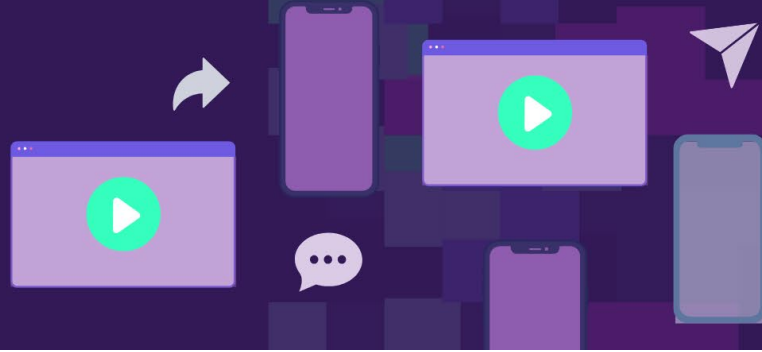

<https://www.leaf.ca/our-story/>

Victims of Image Crime: Speak Out!

A website sharing a personal journey about being a victim of image-based sexual abuse meant to empower other people who have experienced the same.

<https://voic.org.uk/>

Not Yours to Distribute! Intimate images and Consent

The eQuality Project

A partnership of scholars, research and policy institutes, policymakers, educators, community organizations, and youth to inform digital economy policies, especially privacy, and reinvigorate the cyberbullying debate by identifying evidence-based policies that promote healthy relationships and respect for equality online.

<https://www.equalityproject.ca/our-project/>

StopNCII.org

This project introduces innovative technology that is used by tech companies to help people from becoming victims by preventing sharing of specific intimate images.

<https://stopncii.org/about-us/>

Check out these resources from the Learning Network for more information on technology-facilitated violence:

Policy Options on Non-Consensual Deepnudes and Sexual Deepfakes

This Brief shares information on non-consensual deepnudes and sexual deepfakes as gendered forms of sexual violence. It explores the impacts this violence has on survivors, and what Canadian policy can do to address it.

https://www.vawlearningnetwork.ca/our-work/briefs/brief_39.html

Responding to Non-Consensual Intimate Image Distribution in Canada

In this Facebook Live, Dr. Alexa Dodge discusses some of the options and opportunities for responding to nonconsensual intimate image distribution outside of the criminal law.

<https://www.vawlearningnetwork.ca/our-work/facebook-lives/index.html>

Technology and Violence Against Women and Other Marginalized Groups

The Webinar presented by Nasreen Rajani offered an overview of thinking through technologies to end violence against women with an intersectional lens providing examples of online activism projects taking place in Canada.

<https://www.vawlearningnetwork.ca/webinars/recorded-webinars/2020/webinar-2020-5.html>

Digital Platforms and Violence Against Women: User Experiences, Best Practices, and the Law

This Webinar presented by Abigail Curlew, Raine Liliefeldt, and Cynthia Khoo explores fostering a feminist security culture grounded in lived experience with associated security tips and analysis of key laws.
